Hi Mike –

Thanks for sharing the draft. Sorry for the delay in getting our feedback to you. Please see attached.

Key suggested edits:

- Delete the second paragraph. CARB has requested that for the time being EPA should not rely on the Enhanced Enforcement Activities as a contingency measure in any of our actions on ozone plans.
- Review and narrow the list of potential contingency measures to include only rules that affect existing sources in Coachella Valley. The emissions reductions for the RFP contingency measure must be achieved in the Coachella Valley.

BTW – Jesse Lueders (415-972-3174) is the lead Office of Regional Counsel attorney for our pending Coachella Valley action.

Please let me know if you have any questions.

Thanks

**Subject:** DRAFT O3 Coachella Contingency commitment letter

Hi John, Jeff,

Attached is a draft of the Coachella Valley ozone contingency commitment letter for your review and edits. I mimicked the South Coast letter tailored to CV. We look forward to your response before sending to Wayne for his signature.

Mike
